

Future Ready By 5

The Goal

Every Child Will Demonstrate Kindergarten Readiness by 2030

Drivers

Families and Communities

- Implement a comprehensive system of educational and wellness resources, mobile supports, and neighborhood hubs to help families to prepare their children for kindergarten.
- Strengthen partnerships with families and amplify family voice and engagement to increase equitable outcomes for children.
- Integrate family input and leadership to inform the work of the Future Ready by 5 plan.
- Support the leadership and strategies associated with the collective impact organizations for housing, food, child safety, transportation and broad band access that are addressing basic needs for families.

Health and Behavioral Health

- Create an aligned culturally appropriate health, development, trauma and behavioral health screening system.
- Create an aligned, culturally appropriate health and behavioral health services system.
- Transform Franklin County into a Trauma-to-Resilience county.
- Support CelebrateOne to reduce infant mortality.

Education and Development Supports

- Increase access to and utilization of high-quality early care and education opportunities for every child.
- Develop an aligned professional development system that is based on identified community needs and ensuring that professionals have trainings in implicit bias, cultural competence, and professional content.
- Ensure all early childhood professionals have the training and supports needed to proactively address their implicit bias; and demonstrate cultural competence and cultural humility.

Public and Private Infrastructure

- Create a multi-faceted, integrated data-sharing infrastructure.
- Execute a public education and awareness campaign.
- Develop a shared services approach.
- Develop current and long-term funding strategies.
- Convene a think-tank group to germinate and grow big ideas.
- Initiate a FR5- Council on Racial Equity (FR5-CORE)

Sub-Goals

Outcome

An Aligned Equitable PN-5 System That Ensures Every Child Is Kindergarten Ready.

System Component 1:

Children have the supports they need to be ready for kindergarten.

System Component 2:

Families and community members are active, engaged, and focused on kindergarten readiness.

System Component 3:

Franklin County is a Trauma-to-Resilience community.

System Component 4:

Anti-racism approaches are used to create equity for all children and people who touch a child's life.
